

DOUBLE STRAIGHT TEST PLUGS

The DS Series Test Plugs are intended for use in cast iron soil pipe applications to seal two openings in pipe fittings at once. The top handwheel expands the lower rubber gasket, and the wing nut expands the upper rubber gasket. There is a fill or vent stem provided on these plugs.

CODE NO.	FITS INSIDE PIPE DIA. (IN INCHES)	UNEXPANDED OUTER DIAMETER (IN INCHES)	STEM CONNECTION	WEIGHT (IN LBS.)
